December 19, 2020

Dear Sisters and Brothers:

Christmas is just around the corner and I hope that you are all taking time to remember the true meaning of Christmas.

I have been keeping a very close eye on the news and unfortunately things are not as great as we would have liked especially just before Christmas.

I have received word from the Grand Master that the Masons are cancelling all in-person gatherings until at least April 30, 2021.

I regret to inform you that we must also follow this action and continue with the closure of all in person events until at least April 30, 2021. (for further details please refer to my letter of September 19, 2020)

While vaccines are starting to come into the country and this is great news, it will take time to get the vaccines distributed to everyone.

In the interim, please remember to reach out to your fellow members, by phone, by email, by mail and by other video conferencing means.

Please do not get discouraged, we have come so far and we will get through this together and come out stronger when it is safe to meet again.

In Peace and Harmony,

Lynn Alexander
Worthy Grand Matron
Peace and Harmony 2019 - 2021
